

Page name : "About Us" and not About

Page	Description	Requested change
About – Our pillars		Each box should have the same size
About	<p>There is no mention of the "Our Origin" section:</p> <p><b>Our Origin: Why ?</b></p> <p>In Africa, we all know the challenge: endless traffic jams, crowded or sometimes dry gas stations, and those precious minutes lost when we could be with our loved ones or at our offices.</p> <p>GoGo was born from a simple observation: if the world is changing, the way we supply ourselves with energy must change too. We created GoGo to meet a fundamental need for efficiency in our rapidly changing African cities.</p>	Integrate our Origin section as mentioned in the specification document
About	<p>Our Story: very interesting idea.</p> <p><b>Chronology:</b> January 2025: The Idea Founders observed inefficiencies in fuel supply in Benin: its high fire-risk infrastructure and provision of low-</p>

Change the logo to match with this one,  
KEEP IT LIKE A CIRCLE

Main Banner

The main message should be :  
YOUR FUEL, ANYWHERE AND AT ANY TIME

We Go to your location, so you keep going

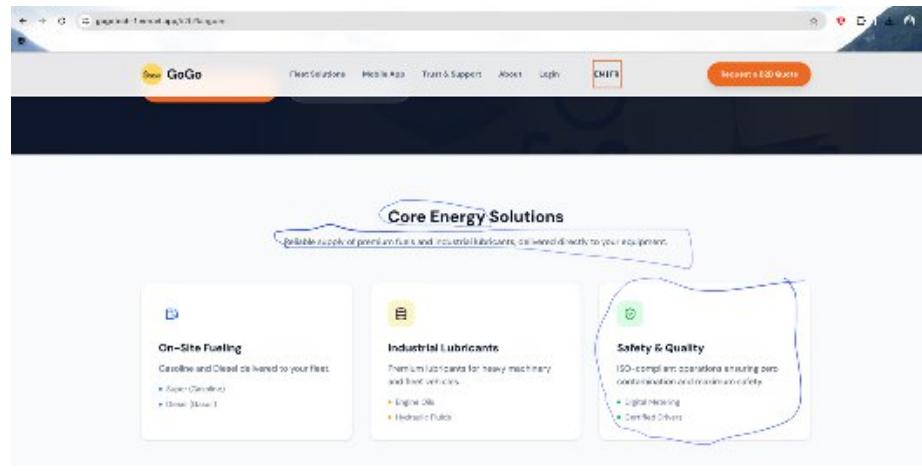

In French :

VOTRE CARBURANT, PARTOUT ET A TOUT MOMENT

Nous ne livrons pas seulement du carburant, nous livrons du temps et de la tranquillité d'esprit

Page "B2B and Fleet Solutions" instead of "Fleet Solutions"

Page	Description	Requested change
B2B and Fleet Solutions	<p>1. Offer Details:</p> <p>Fuel: Product range (gasoline and diesel), volume, emergency services.</p> <p>Lubricants: Brand/type of available lubricants.</p> <p>2. Promoting Technology:</p> <p>B2B Client Platform: Feature details (order management, employee management, fleet management, issuance of electronic consumption vouchers for employees, invoicing, consumption reports per employee and fleet, partnerships for issuing vouchers to your customers).</p> <p>CTA (Call to Action): "Access the B2B Platform" (for existing and new clients).</p> <p>Data Management: Highlighting the benefits: Enhanced transparency, consumption tracking and optimization, fleet management, supply cost savings, and time savings in your operations.</p>	<p>"Our B2B Solutions" instead of Core Energy Solutions</p> <p>"A comprehensive suite of tools for seamless fuel order, employees and fleet management, alongside the issuance of electronic consumption vouchers for employees and strategic partners, detailed consumption reporting" instead of "Reliable supply of premium fuels and industrial lubricants, delivered directly to your equipment."</p>

Safety & Quality box to  
be replaced by  
“Vouchers issuance  
and management”

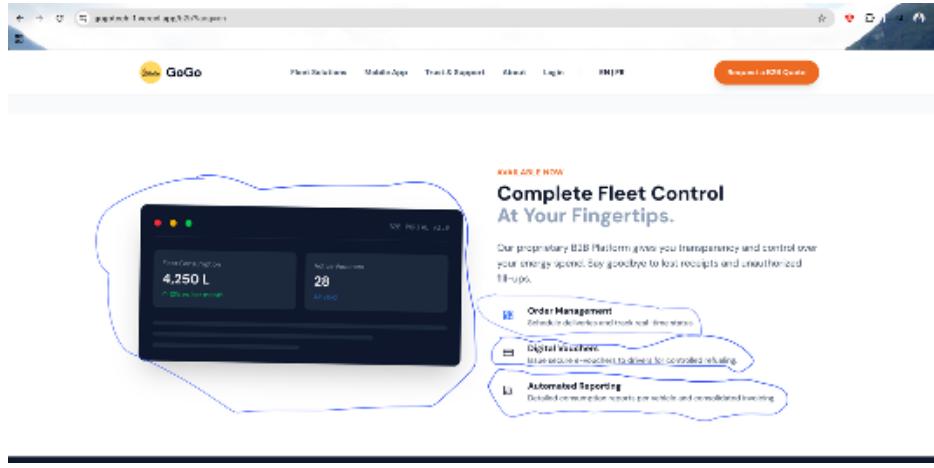

Businesses can issue  
and track electronic  
consumption vouchers  
for fuel and lubricants.

Voucher  
issuance

Vousage  
management

## B2B and Fleet Solutions

## B2B and Fleet Solutions

Please use the following:

Fuel order and consumption management

Schedule deliveries, track real-time status and monitor your fuel consumption.

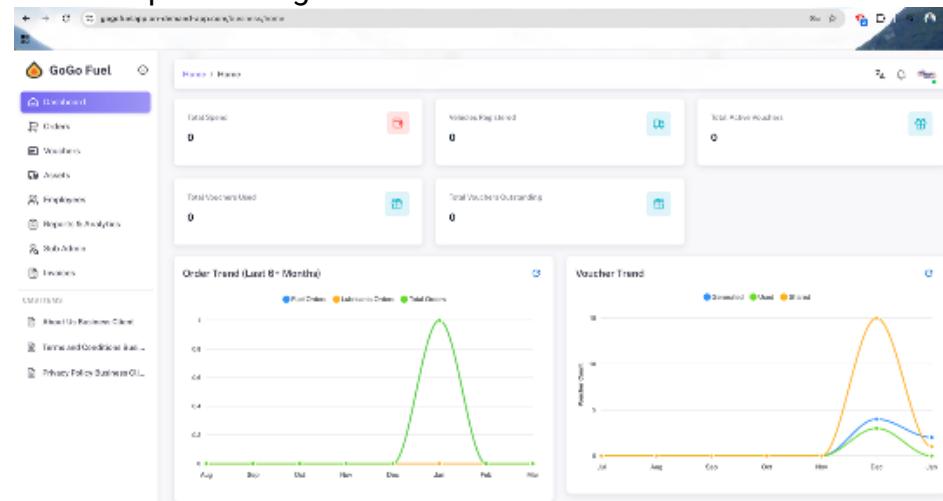

Digital vouchers

Issue and manage secure e-vouchers for your employees and partners.

Automated reporting

Detailed consumption reports and consolidated invoicing.

Replace this :  
"Fueling your life on  
demand.  
Skip the gas station.  
Order fuel, wash,  
and service with a  
tap. Available now in  
your city."

With this:  
"On-demand fuel:  
Tap. Order.  
Delivered.  
The most seamless  
way to fuel and  
service your vehicle  
without interrupting  
your day."

Order in 5 taps

"7am-10pm  
Delivery" instead of  
24/7 support

Get your fuel  
delivered before  
end of day.
